

PARTS, ACCESSORIES AND ENERGY PRODUCTS PRICE CHANGE NOTICE

FOR PROFESSIONAL & COMMERCIAL RADIO AND VALUE-ADDED DISTRIBUTOR CHANNEL PARTNERS

OVERVIEW

As of March 4, 2019, Motorola Solutions is implementing a price increase for select items in the Parts, Accessories and Energy portfolio. At this moment, we only have information on which specific items are included in the pricing adjustment and the impact on the List Price of those items. We decide to share the incomplete information we have now so you can at least scan the list to see if there are any items you frequently purchase. As soon as the actual reseller adjustments are provided to UCC, we will notify you and update your price pages. In the meantime, we hope this will assist you in knowing what items will be affected.
